

VITAMIN C SERUM

Product Code: SRB059

Use Instructions

Apply onto cleansed skin and gently pat until absorbed.

Caution

For external use only. Avoid contact with eyes. If irritation occurs, discontinue use and please consult your doctor. Keep out of reach of children. Not to be used for children under 3 years of age.

* Disclaimer

The colour of the product may vary from batch to batch due to the natural characteristic of ingredients used which are affected by seasonal changes, weather and so forth when being harvested.

Results from the use of the product may vary depending on multiple factors of each individual, including age, gender, skin type & condition, health history, lifestyle, diet and others.

Upon storage, product colour may change due to the natural characteristics of the ingredients.

Storage

Store at room temperature. Avoid direct sunlight.

Remarks

This is not meant for registration purpose. For your reference only.

Description

Formulated with Vitamin C and Glutathione, this serum helps to brighten and even out skin tone, leaving you a soft and moisturised skin. It also hydrates the skin keeping skin soft and supple.

Active Ingredient

3-O-Ethyl Ascorbic Acid

Is a Vitamin C that has many benefits to the skin:

- Skin Lightening agent
- Balance Skin tone
- Increase collagen synthesis
- Reduce dark spots & Age Spot
- Radical Scavenging properties
- Prevent Photoaging
- Excellent anti-oxidation properties

*0.1 % of this raw material can inhibit tyrosinase activity up to 37.6%.

Glutathione

Glutathione is known to be a tripeptide comprising of three amino acids (cysteine, glutamic acid, and glycine), which work in unison to offer skin-restoring and brightening benefits when used in topical products.

Sodium Hyaluronate

Sodium Hyaluronate (Hyaluronic Acid) occurs naturally in our skin. One molecule of HA holds 1000 times its weight in water. It helps pull moisture from the air to the skin. When HA is applied on the skin surface, it can form an air permeable layer and keep skin moist and smooth. HA holds more water than any other molecule in the body and is necessary to keep collagen hydrated and youthful.

Ingredient List

Aqua, Butylene Glycol, 3-O-Ethyl Ascorbic Acid, Propanediol, Xanthan Gum, Propylene Glycol, Diazolidinyl Urea, Ethylhexylglycerin, Glutathione, Tetrasodium EDTA, Buteth-3, Sodium Benzotriazolyl Butylphenol Sulfonate, Sodium Citrate, Sodium Hyaluronate, Citric Acid, Tributyl Citrate, Iodopropynyl Butylcarbamate, CI 15985, Sodium Sulfate, CI19140, Sodium Benzoate.
